## **Employment History/Experience**

Tracey initially started her career as a registered general nurse working in both medical and surgical wards and operating theatre.

She then trained as a solicitor in general court practice, gaining experience in both civil and criminal law as well as in family matters.

In 2009, Tracey specialised in pursuing medical negligence claims, acting on behalf of individuals and families in cases against doctors, nurses, midwives, GPs and dentists. Tracey has dealt with many types of different and complex cases involving failures in care, surgical error, delay in diagnosis, misdiagnosis and wrongful life. She has experience in dealing with high value, serious injury claims including fatalities as well as birth injuries including cases involving cerebral palsy and ERB's Palsy. She has also represented families in Fatal Accident Inquiries.
